I. Welcome, Introductions, Meeting Plan

II. CAPC Business

a. May minutes approval -

Motion: Jorge Garcia made the motion that the May 1, 2025 meeting minutes be approved.

Second: John Palombi

Abstain: None

Motion: Passed

b. Shaken Baby Syndrome Program – There have been no new instances to report since last month.

c. Safely Surrendered Baby Program – There have been no new instances since last month.

- d. Membership – Keri Magee’s resignation from the council is awaiting approval from the Board of Supervisors. She was promoted within her agency allowing Robert Housden to apply for her seat once vacated.

We have been asking CAPC members to help with guest orientations at each meeting. If members could sign up through December to attend the meeting early at 9:45 am to orient guests, we would appreciate it.

- e. Parent Advisory Group update – Susan gave an update from the May meeting. The next three meetings were provided to the group and they are trying to alternate between Oakdale and Modesto and morning versus afternoon. The notes are as follows:
- The scheduled topic for this meeting focused on communication preferences on how to receive information about resources. The topic was timely as, unfortunately, there was a miscommunication. The director who was facilitating thought a reminder message has been emailed to the Parent Advisor Group (PAG) but actually a reminder for a Parent Resource Center event was sent. When the email with the Zoom link was received on the meeting date, it felt very sudden to the parents. One responded he was unable to attend due to work. Four (4) mothers from Oakdale did attend via Zoom. There was no response from the others. The director sent an apology email right away and provided the dates for the next three meetings.
 - Email notifications need to be accompanied by a text or a phone call to be certain the email is reaching the participants.
 - As for communication preferences to be informed about resources, various methods can be used. For example, one mother mentioned use of Facebook as a source of information. From this site she becomes aware of donations, news and valuable information to her. There was mention of “too much information” and how to manage it.
 - Other communications methods mentioned included:
 - *Calls – preferred; even if one person reached that person can share with others
 - *Flyers – “I can invite others” as it can be shared with others; school flyers – wouldn’t have known about sports for kids
 - *Emails – don’t arrive, not used to looking; reliability; email newsletter; can erase or unsubscribe if not interested; verified accounts
 - *Texts – ok; if not recognized, gets blocked; Whats App
 - *Sites – such as Oakdale office (or other trusted site) are source of information
 - *Other sites or sources: super markets, churches, restaurants, stores, mail – magazine – arrived at the home, laundromats, places where people tend to (naturally) gather

- f. Budget Review – we do not have the revenue for June yet. Expenditures to date amount to \$103,545. Contracts include Hutton House and Parent Advisory Group. The fund balance is approximately \$200,000. Jorge will see if costs for the events will come out of our budget or a different budget within Child Welfare at Community Services Agency. Maybe we can ask fiscal to add a separate box for the event costs to the activity tracker. We will get more information.

III. CAPC Gathering Participant Evaluation Review

- a. How did we do? What is means for next year?- thank you to Cesar and Sandra's staff for compiling data for the written and electronic survey questions. Data for the first seven survey questions were reviewed. This represents about 85 surveys, about half of the 150 to 160 who attended.
- b. Update on CAPC website and outreach to Gathering participants.- copies of proposed website changes were reviewed. Feedback included:
- The 800 number to add to the 211 number resource for Stanislaus County.
 - A separate box with link to the presentation from the event. Judi suggested it be highlighted somehow. Jorge said we can add it to the fourth tab.
 - The toolkit and information from each convening each year can be put on page one in the quick links box.
 - Lori suggested more descriptive information on our focus areas in terms of pathway and role of CAPC including relatable information about what the council is doing.
 - Have new member orientation available on the website on the second tab. Also expand our history and add pathway to change, CAPC roles and level of prevention.
 - Adding the five protective factors to the first page near the mission.
 - Adding meeting agendas to tab three.
 - Including meetings or webinars at the state level could be added but would involve manpower. Jessica can send it to IT to have it updated. Who internally at CSA would be responsible for it and who in CAPC would be responsible for tracking it would be determined. We would need to figure out an approval process and who is responsible for vetting the events to put on the section of the website. Would it be an agenda item.
 - Including information in Spanish was suggested. Christine said there is a button next to the search area that will change the website into various languages.
 - Photos of things happening and the events we had was suggested.
 - Having each resource listed individually instead of going to a directory resource list was suggested.
 - Judi can send the link to the power point registration.

IV. Pathway to Change Review and Implications

- a. Members join Pathway Goal Groups – the goal groups did an analysis with the pathway and map of interventions and indicators and see what is next for CAPC in terms of reaching these goal areas. The themes from the community café are meant to help.
- b. Review progress and recommend revisions (20 minutes) – Notes given to Judi to make revisions to the pathway.
- c. Each group presents to full Council for input/feedback (25 minutes)
- d. Plan next steps

V. Announcements and Next Steps

- a) Meeting: July 10, 2025; County Center III: will we have a quorum? – Jessica will send out a survey to see how many people would be able to attend a July meeting or if it should be cancelled. This will allow feedback from those not at today's meeting.
- b) Announcements – all – none reported.

NEXT MEETING:

TBD

Respectfully submitted by Jessica Holly
